The dark, cold days of winter are a good time to dream and plan for the upcoming growing season. Have you always wanted to landscape your home but didn't know where to start? K-State Research and Extension offers a number of publications available to help you accomplish your dream. This collection includes everything from general landscaping publications such as 'Residential Landscape Design' to specific works such as 'Naturalistic Landscaping' and 'Low-Maintenance Landscaping'. There is also information on plants recommended for Kansas. You may request your copies from your local K-State Research and Extension Office.

K-State Research and Extension is an equal opportunity provider and employer.
